Dear Mr. Bradford:

You have been recommended for re-appointment, as First Lieutenant, Military Police Branch, by the May 2009 Department of Army Special Review Board. Before we can offer the appointment to you, you must have a qualifying physical and a secret security clearance.

Please go to hrcseqip@conus.army.mil to request access for the purpose of reappointment. Please state that you have been recommended for reappointment and that you are required to have a secret security clearance before being reappointed. They will give you the required information to access the website to complete the security forms.

This is your authority to report to the closest Military Entrance Processing Station or Department of Defense facility for a chapter 2, Commissioning physical examination and evaluation under the provisions of AR 40-501. The physical must be signed by a physician.

You must schedule an appointment before reporting and should contact the installation at once to schedule your appointment physical.
